

Siena

For Straight Stairs

Stannah

The Stairlift People

Compact and easy to use, the Model 600 with Siena chair is a versatile stairlift for straight stairs - well-equipped as standard, with a range of options if needed. Sturdily built to carry up to 350lbs, the Siena can be folded up easily without bending over, which is especially helpful at the top of the stairs.

The slim-line rail sits close to the wall and was designed for narrow stairs with a door at the top, making the Siena ideal for basement stairs. With constantly recharging batteries to ensure that your stairlift is always ready for use, a wide seat and footrest, and optional retractable rail (if the rail protrudes at the bottom of the stairs), the 600 Siena is a class-leading choice from Stannah.

With its narrow rail and slim design, this stairlift takes up little room. A remote at each landing allows the chair to be called or sent away.

Simply lower the seat to unfold the Siena chair - the footrest comes down at the same time, so there's no need to bend over.

A gentle hand on the control sends the Siena smoothly up or down the stairs.

The seat swivels to face the top landing, blocking the stairs behind you, for added safety.

Siena 600 Key Features

Upholstery

Comfortable, waterproof upholstery, available in six colors.

Chair width options

Standard model is 19½" between the armrests.
Slim model is 16" between the armrests.

Easy-to-use controls

The slimline control allows you to use any part of your hand to operate the stairlift.

Swivel levers

Use the levers, or optional one or two-way powered swivel, to get on and off your stairlift in the safest position at the top or bottom of your stairs.

Adjustable seat height

Set during installation so that your stairlift is comfortable and tailored to fit your needs.

Key Lock

The key lock prevents unauthorized use.

Model shown:
Siena chair with Tan upholstery

On/Off switch

Conveniently placed On/Off switch prevents the chair from moving unexpectedly.

Seat belt

Mounted on the armrest within easy reach. Fastens and unfastens with one hand.

Easy folding

The armrests, seat and footrest fold neatly when not in use. The footrest folds up automatically as the seat is raised, eliminating the need to bend over.

Safety sensors

Stop the stairlift if it meets an obstruction.

Armrest safety

The down-side armrest must be lowered when riding the chair.

Rated load

One person, 350lbs

Upholstery Colors

Tan (standard)

Ivory

Cranberry
